SECOND PRELIMINARY AMENDMENT

Director of the U.S. Patent and Trademark Office
Washington, D. C. 20231

Sir:

Prior to initial examination, please amend the above-identified application as follows:

IN THE CLAIMS:

Please add the following claims 42-50:

18
--42. (New) A scanning type exposure apparatus in which in synchronism with moving a first object in a predetermined direction relative to an exposure beam, a second object is moved, thereby exposing sequentially each of a plurality of defined regions on said second object, comprising:

a projection system which is disposed in an optical path of an exposure beam, said first object being provided on an object side of the projection system;

a movable body which holds said first object and is movable in said predetermined direction, at least a part of the movable body being disposed on the object side of the projection system; and
